Ferreira Dona Antonia 10 Years Tawny Port 9

91 pts Wine Spectator - It has a deep tawny hue with red hints. Its aroma is characterised by an excellent balance between the quality of its original grapes and wine (noticeable in its floral and ripe fruit aromas) and its ageing through oxidation in wood (which gives it spicy and nutty aromas). In the mouth, the classic and fresh style of the Ferreira brand is conspicuous, achieving a fine balance between the different sensations in the wine body and in the long final in the mouth.
